To request temporary "No Parking" signs for an upcoming move or event, please complete the following information sheet. Ask the Officer taking your completed form & payment for a photocopy of the form & check. The signs have to be posted 72 hours prior to the date requested, unless it is for parking meters, which requires only 24 hours prior to the date to be posted. These signs allow you to reserve legal parking spaces only. The signs do not allow you to park or block or otherwise infringe upon another person's driveway rights. It also does not allow you to park illegally. (i.e. - Bus Zones, Yellow or Red Zones) There must also be a fixed object (tree, pole, etc.) to attach the signs to.

Each parking space requires a sign.
